Reduce

What does a lot of domestic waste consist of?

Packaging

What is the only type of plastic collected for recycling in Northern Ireland?

Plastic bottles

Give an example of how we can reduce our rubbish.

Buy things with less packaging, buy in bulk, avoid disposable products

Is it better to reduce or recycle?

Reduce

Is it always necessary to take a plastic bag when you buy something?

No. You could carry it, put it in your schoolbag, bring a bag with you etc.

Do you create more waste buying rechargeable batteries or disposable batteries?

Disposable batteries

How many times can a rechargeable battery be recharged?

Hundreds of times

Is it better to buy one large item or several small ones?

One large item. It uses less material to make the packaging for one large item than for several smaller ones

Does avoiding the use of disposable products help reduce your rubbish?

Yes

What are the reusable shopping bags provided by Councils made from?

Cotton, better than plastic as cotton is renewable. Oil for plastic is not
