

How Can I Recycle?

Until recently, if you wanted to recycle where did you have to bring all your stuff?

How have things changed for recycling from home?

The recycling facilities you have at your house will depend on what?

What is meant by the term 'Kerbside Collection'?

What materials can be put in the recycling bin?

What commonly recycled material must not go into your recycling bin?

Why not?

Where should you bring this material instead?

How often is the recycling bin emptied?

Name 5 things that can you bring to a household recycling centre?

How Can I Recycle?

Until recently, if you wanted to recycle where did you have to bring all your stuff?

A household recycling centre or civic amenity site

How have things changed for recycling from home?

Everyone should have something at home to allow them to recycle

The recycling facilities you have at your house will depend on what?

Where you live and what your local council has provided

What is meant by the term 'Kerbside Collection'?

A box or a bin that you can put your materials in to be recycled and it will be collected from your house

What materials can be put in the recycling bin?

Paper, plastic bottles, food and drink cans, cardboard (depending on where you live. In some areas recycling bin is for paper only)

What commonly recycled material must not go into your recycling bin?

Glass

Why not?

It would break in the lorry and get mixed with the other materials

If you have a recycling bin, where should you bring this material instead?

Bottle banks

How often is the recycling bin emptied?

Every two weeks

Name 5 things that can you bring to a household recycling centre?

Old tools, batteries, spectacles, mobile phones, printer cartridges, engine oil, cooking oil, steel and wood

How Can I Recycle? (continued)

Instead of a recycling bin what do some people have instead for recycling?

How often is it emptied?

Why do the recycling boxes need to be emptied every week?

What extra materials can you put in the box that you cannot put in the recycling bin?

As well as extra materials, how is the recycling box different from the recycling bin?

How Can I Recycle? (continued)

Instead of a recycling bin what do some people have instead for recycling?

A recycling box called a Kerbie

How often is it emptied?

Every week

Why do the recycling boxes need to be emptied every week?

They are much smaller than a recycling bin

What extra materials can you put in the box that you cannot put in the recycling bin?

Glass bottles and jars, foil, hand tools, clothes

As well as extra materials, how is the recycling box different from the recycling bin?

The materials are sorted at the kerbside into different compartments on the recycling lorry
